Parade, picnic, Maid contest, arts festival

'Good Times' come to Pleasanton Sat.

Color, comedy, high-stepping bands and beauty! It's all a part of "Good times" day in Pleasanton Saturday, commencing at 10:30 a.m. with the "second edition" of "Let The Good Times Roll" parade.

Before the day is over valley residents will be able to treat themselves to a carnival, arts and crafts festival, picnic, entertainment with KNBR personalities, picnic and Maid of Pleasanton Pageant.

And for those who REALLY want to make a weekend of it, the arts and crafts festival continues all-day Sunday at the Fairgrounds, a benefit football game between valley police and firemen is scheduled Saturday night at Livermore High School and a "Spring Sing," featuring Walnut Grove School students, is set for 2 p.m. Sunday in the Fairgrounds Amphitheatre.

While Radio KNBR and the Pleasanton Jaycees are grouping the 340 entries in the parade (between 9 and 10 a.m. Saturday in front of Amador Valley High and back up Santa Rita to Black Avenue), the Spring Arts and Crafts Festival will be getting underway at the Fairgrounds.

In conjunction with the arts and crafts festival, the Pleasanton Art League's Sixth Annual Spring Art Show will be holding forth at Franklin Savings and Loan, Main and Division Streets, from 1 to 6 p.m. Saturday and 10 a.m. to 6 p.m. on Sunday.

The carnival, setup in the parking lot adjacent to the Western Pacific tracks and across from the Fairgrounds main entrance, continues this evening, and runs all-day and into the evening both Saturday and Sunday. Foley and Burk combined shows is a fund-raiser for Foothill High School band and athletic programs, as well as the student body.

The carnival site is located on Pleasanton Avenue.

Following the parade, which is expected to take about 2½ hours to complete and draw 25,000 or more, a community picnic will get underway at the Fairgrounds. KNBR has indicated that several of their deejay personalities will be present for an informal stage show, scheduled to start at 2 p.m. on a portable stage in the lawn area.

The Art League's arts and crafts festival continues until 6 p.m. both Saturday and Sunday at the Fairgrounds. Exhibits will be located in the outdoor areas around the grounds.

At 4 p.m. Saturday, the annual Maid of Pleasanton Pageant takes center stage at the Amphitheatre with KNBR personality Mike Cleary emceeing. Organized by the Pleasanton Chamber of Commerce and directed by Marie and Fred Cochran, with assistance from Denyse Christensen, the pageant theme is "Beautiful Girl," highlighting the 10 Maid of Pleasanton Pageant finalists.

Vying for the crown worn the past year by Theresa Alexander will be Rosalie Dwyer, Cathy Gadd, Patricia Gill, Lori Hickman, Lauri Howard, Kim McLeod, Kim Mohatt, Kathy Oyler, Linda Wilson and Ginger Wilson.

Tickets for the pageant are $1 per person and will be available at the Amphitheatre. Ginger Wilson is 17 and a senior at Amador, Linda Wilson is 18 and also an Amador senior, Kathy Oyler is an 18-year old high school senior, as is Kim Mohatt, also senior at the venerable Pleasanton campus. Also seeking the tiara and sash are Kim McLeod, a junior at Amador, Lauri Howard, an Amador senior, Lori Hickman, a junior on the Golden Dons' campus, Cathy Gadd, a 17-year old junior, Patricia Gill, a 17-year old senior, and Rosalie Dwyer, an 18 year old senior at Dublin, the only non-Amador or college student.

Persons coming into Pleasanton are urged to avoid the downtown area between 9:30 a.m. and approximately 2 p.m. Alternate routes for those needing to get through the area are Sunol Boulevard-First Street (between Highway 680 and Livermore) and Hopyard-Valley-Santa Rita-Stanley.

KNBR will broadcast from the veranda of the Pleasanton Hotel during the parade, reaching an audience up and down the coast that should number in the hundreds of thousands.

Get ready, get set, to...

Mark Hawtrey is one pre-schooler who is all set for the spring swimming session at the Pleasanton Aquatic Center. One-half hour classes for tots and pre-schoolers will be offered from 10 a.m. to 2 p.m. Mondays through Friday from May 12 to May 27 to June 6. Cost is $10 for the first session and $9 for the second session. For registration information, call 846-1720 or 846-3202, extension 215.

Projected $30 million deficit tops Pleasanton council agenda

PLEASANTON — The economic analysis of Pleasanton's revised General Plan, which shows an existing capital improvements deficit of $30 million, will be the subject of Monday's city council meeting.

The public is invited to attend the session which will begin at 8 p.m. Monday in the Veterans Memorial Building.

Members of the city staff and representatives of the Institute of Regional and Urban Studies, which prepared the analysis, will discuss: city operating cost projections; school district operating cost projections; city capital cost projections; and the implications of those projections.

The report estimates that, with a limited amount of growth within the next five years, Pleasanton's operating budget will be able to keep pace and city staff could be enlarged to handle the increased population, although no major new programs could be implemented.

With no growth in the next five years (and the development of no new revenue sources), the operating budget will show a deficit, increasing to approximately $350,000 by 1980.

In the capital improvements area, the amount of growth allowed in the future makes little or no difference, mainly because there are $30 million worth of capital projects that are needed to service the present population. Those include completion of street systems, park and recreation projects and sewer and water extensions.

To complete the city to its ultimate holding capacity of 76,000 would require an additional $30 million for capital improvements.

Revenue from traditional growth-oriented sources, however, will not come close to matching those projected costs, the report indicates.

Beyond the next five years, the consultants said they found it difficult to estimate operating expenses because "it is likely that some new programs or new revenue sources which are not known at this time will be developed and will modify the present projections of fiscal impacts beyond 1980."

IMPACT ON SCHOOLS

The report estimates that expenditures per student in the Pleasanton Elementary, Murrary Elementary and Amador Valley High School districts "to maintain the existing level of program per student" are expected to grow faster than the revenue limits under the provisions of SB 90 and other education financing legislation.

In each of the next five years, the consultants state, the districts "will be confronted with the choice of reducing the level of program per student or holding an election to increase the revenue limit" per student.

That projection, the report states, "is valid for (either) a growth or no growth situation and for all likely rates of inflation.

Introduced by Mori

Bill would prohibit Kaiser dump

SACRAMENTO — Assemblyman Floyd Mori has introduced a bill which would effectively prohibit Kaiser Industries' controversial sanitary land fill adjacent to Pleasanton.

The proposed legislation, which was introduced Thursday, would prohibit the establishment of any refuse disposal site within two miles of a city without the consent of that local government. In addition, it would require property deeds when the land in question has a garbage foundation.

Mori said the bill was prompted by the Kaiser proposal. More than three years ago, that gravel firm proposed filling over 700 acres of depleted gravel pits east of Pleasanton with garbage from throughout the Bay Area.

The sanitary land fill would be more than 100 feet deep and would take decades to complete, Kaiser had estimated.

Valley cities, agencies and citi-zens strenuously opposed the project because they were concerned over po-tential damage to the un-derground water basin.

Although the project received approval from Alameda County, the State Water Resources Control Board had set standards that were so stringent as to effectively kill it.

Following a court suit filed last year by Kaiser, however, the SWRCB was ordered to reconsider its discharge requirements. That hearing has not yet been scheduled by the state water board.

Mori said he has filed the legislation because "garbage dumps can be more than just unsightly nuisances. They present serious potential problems, including water pollution, vermin, disease and accumulation of inflamable gases."

He added, "Cities must have the right to dictate how close garbage dumps are to city limits."

The other provision of the bill regarding construction over old dump sites was added, Mori said, because "basements of buildings constructed over old dumps have seeped methane gas, creating the danger of explosion if the methane combines with the right amounts of oxygen."

Bicentennial bonnets

Beautiful Bicentennial Bonnets, hand-made by the Pleasanton V.I.P.'s will be on sale at the arts and crafts festival at the Pleasanton Fairgrounds Saturday, May 3. The bonnets can be converted into an apron.

A drawing for a Bicentennial red, white and blue bonnet will be held at 4 p.m. Tickets will be available at the bonnet booth throughout the day. Orders for bonnets at $2.25 each will be taken if all on hand are sold. Patterns for the bonnet-apron will be offered at 25 cents.

Proceeds from the project will benefit Bicentennial activities.

Geldermann denies he may abandon 'New Town' plans

Harlan Geldermann emphatically denied a report in yesterday's Oakland Tribune saying that he might abandon his proposed New Town project north of Livermore.

Calling the article a "writer's pipedream," Geldermann reiterated that he "is still in the ballgame and there has been no decision to reject the project."

Geldermann conceded that he was "concerned with the obstructionist activities of the Sierra Club and the city of Livermore, particularly their stands on Interstate 580."

The Sierra Club has filed a suit to block construction of an extra four lanes on Interstate 580 for environmental reasons.

"Five-eighty appears to be the key" said Geldermann and added that his concern could cause him "to take a good long look at his strategy."

But as for his pulling out immediately, Geldermann stated firmly that he was not giving up. He said that he has just paid $100,000 in property taxes in the area and that wasn't the act of a man who was thinking of quitting.

Geldermann also had some comments on the Association of Bay Area Governments, which last month voted not to support the project. Alameda County Supervisor Fred Cooper has threatened to try to pull the county out of ABAG in protest of the decision, since Alameda County approved the project if certain specific conditions are met.

"I can't fault Fred Cooper for saying that he can't see where ABAG has a right to overrule the decision of a local board or governing body" said Geldermann. He believes ABAG acted in haste and was influenced by the city of Livermore and the Sherra Club.

"They had not studied the situation sufficiently" he concluded.

He was also upset about the Sierra Club's intervention in the widening of 580 after the contracts had been let. "What is there you can depend on if that can happen?" he said.

But nonetheless, the Danville real estate man is still pursuing his plan to build a 40,000 person city in the Las Positas Valley.

'Adverse impact' projected

PLEASANTON — Environmental impact reports are being prepared by the city staff for two residential projects that would yield just over 160 single family dwellings.

A 24-acre parcel south of Del Valle Parkway and north of the Arroyo del Valle near Hopyard Road would be rezoned from high density residential to medium density residential use. The property is the last major undeveloped piece within the Pleasanton Valley subdivision. The preliminary staff report finds that the 120 dwellings projected for that parcel could have an adverse impact on the community's environment.

A nine-acre parcel immediately north of Woodthrush Road flanked by a neighborhood park on the west and a planned block of homes along Sanderling Way, would be developed to 41 single family dwellings under the proposal now before city staff. The potential of environmental impact is sufficient to require an in-depth report, the staff has determined.

The public has until May 16 to file comments at city hall relative to either of these development proposals.

More bus stops for senior citizens

PLEASANTON — In order to provide better bus service for senior citizens, the city council voted Monday night to revise the BART bus route and added four more stops.

At present, buses coming from Livermore turn right on Stanley Boulevard and stop at the intersection of Stanley and Santa Rita Road, then continue out Santa Rita to Valley Avenue.

That has been the only downtown stop for the buses. Under the revised route, however, the buses will continue down First Street and turn right at Neal Street, then right at Main Street and out Santa Rita.

Four additional stops have been planned along that revised route. They are tentatively set at First and Ray streets, First and Spring streets, on Neal Street at the Greyhound bus stop, and somewhere along Main Street (not yet specifically determined).

That revision was approved to provide for the senior citizens who live inPleasanton Gardens and Kottinger Place.

The council did not agree to BART and AC Transit's request to add two additional bus stops on Valley Avenue because it did not believe the patronage generated at those two stops would warrant the estimated $1,000 cost to the city.

Pleasanton man faces life sentence in Nev.

MINDEN, NEV. — A 22-year-old Pleasanton man faces life imprisonment in Nevada following his Apr. 16 conviction on charges of kidnap and robbery, according to the Douglas County, Nevada, Record - *Courier*.

Douglas County District Attorney Howard McKibben reportedly will ask for life imprisonment for David Leroy Carrera, Pleasanton, and Raymond Allen Lovell, 28, San Lorenzo, when the two appear May 23 for sentencing.

According to the Record - *Courier*, a Washington state resident identified Carrera and Lovell as the men who abducted him at gunpoint from the parking lot of a Lake Tahoe casino on Nov. 16, 1974, and took him in his own car to the California side of the lake where they robbed him of $226 in cash and left him bound in the car while they fled on foot.

The two are in custody in the Doublas County jail at Minden.

Cuts and bruises

Timothy Reilly, 17, of 6197 Alvord Way in Pleasanton suffered only minor facial injuries when his car, travelling north on Abbie St. met Art Pimental's 77,000-pound rig carrying gravel on First St. Pimental's rig incurred little damage, but Reilly's car was totaled. No citations were issued.

Youth lands in jail after routine stop

LIVERMORE — An apparently routine traffic stop for failure to stop at a controlled intersection landed a young city resident in jail Wednesday night, according to police.

Patrolman Jack Stewart heard tires squealing and saw a car run through the stop sign at Maple and Second streets, but when he pulled the juvenile driver to the curb, the youth explained that he was forced to run the sign because another car was sliding broadside towards his.

"I think he hit a car back there," the youth added.

Stewart noted a beige car with damaged front end at the intersection, and took off in search of the young man's alibi.

He allegedly found it.

At Second and McLeod streets he saw the beige car pull to the curb, but when he asked for a driver's license, 20-year-old Michael L. Howard reportedly told him, "I ain't got one," and walked off.

After radioing for assistance, Stewart claims he again approached Howard and asked for some identification.

"What for?" Howard allegedly replied.

When the patrolman told Howard of the witness to his reported "broadside slide," he again walked away, according to the report, still refusing to identify himself, but threatening Stewart.

Howard then turned on Stewart "with fists clenched," and "drew back and struck (him) several times in the left shoulder." Several other allegedly attempted blows were ducked, Stewart added.

When patrolman Barry Foye arrived, the two officers handcuffed Howard and placed him in custody.

But the imbroglio wouldn't end, according to Stewart's report.

Howard became "even more violent," it alleges, and wouldn't be put in the patrol car.

"Howard" would stand on the running board or door jam and jump up striking his right shoulder against the upper portion of the door frame," the report continues.

When he was brought to police headquarters he refused to be booked, police say.

Howard was charged with resisting arrest and battery on a peace officer, and held on $5,500 bail.

Decisions on warehouse, principals due soon

PLEASANTON — Amador-Pleasanton school district administrators are close to a decision on warehouse facilities after this coming July and on the unrelated matter of reassigning elementary school principals.

Director of Business Services Doug Rose told The Times Wednesday the real estate division of the Corps of Engineers has given the district a price of 5 cents a square foot per month for continued use of warehouse facilities at Camp Parks ... past this September.

The district now stores all foodstuffs and school materials in warehouses that total 61,000 square feet.

Rose said the district has looked at alternative sites but learned they all were in the 10 to 12-cent per square foot per month range. One of the storage facilities believed looked at was the former Volkswagen plant adjacent to Highway 580.

The district has leased the Parks facility on a one dollar per year arrangement. The Corps, however, has decided that as of this summer all such facilities will be rented at what they consider a fair market price.

In the unrelated matter, Superintendent Bruce Newlin said his original consideration of reassigning one or more elementary principals has been discarded for the 1975-76 school year.

Newlin's philosophy is that occasional reassignment of principals serves as a positive force for the individual as well as the school.

MEA holding elections May 6

The Murray Educators' Association (MEA), the most powerful teacher's group in the Murray Elementary School District, will be holding its annual election on May 6.

The officers selected will finish up the negotiations for this year's salary package and set up the groundwork for next year's teacher requests, and so obviously the outcome of the election is quite important to the district.

Running for president are Gary Biedma and Don Legge — Legge was president in 1973-74 and is acting as president pro tem now that Gail Haney has resigned from the district.

Allan Petersdorff Jr. and Joyce Spreyer are after the vice presidential post, Jan Ross and Lee Turner are up for secretary and Diane Eaton is running unopposed for treasurer.

Regina Paulua, Doris Benton and Ken DeBono are each running unopposed for Zone Director posts.

Reservations required for Chamber luncheon

DUBLIN — Reservations will be required for next Wednesday's Chamber of Commerce luncheon featuring Alameda County's Local Agency Formation Commission (LAFCO) executive director Roland Mayne.

Chambers of Commerce from Dublin, Pleasanton, and Livermore have been invited, and Dublin Chamber spokeswoman Nancy Feeley urges private citizens to attend as well.

Mayne will present LAFCO's controversial report which recommends that the unincorporated community of Dublin merge with the City of Pleasanton.

Reservations for the $3.50, buffet fete at the Howard Johnson Motel must be made by Monday, according to Feeley, and may be phoned in to the Chamber at 828-6200.

Renaissance comes to Junction School

LIVERMORE — Renaissance music and Shakespearean drama at a junior high?

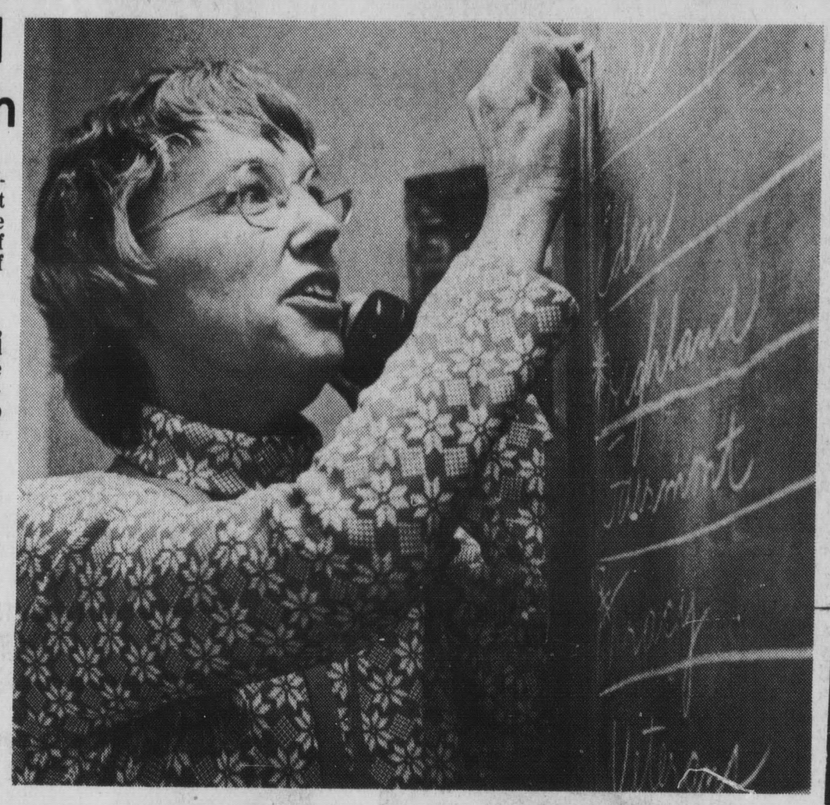
Junction Intermediate School students are going to do it, Saturday evening, 7:30 p.m. in the multipurpose room.

Excerpts from William Shakespeare's "As You Like It" will be presented by the seventh and eighth grade drama students directed by teacher Barbara Brunke. Music will be played on recorders, brass and stringed instruments.

The eighth grade girls' chorus, directed by Mrs. Brunke, will sing three old madrigals. Dan Chambers will direct the music students.

All performers will be in Renaissance costume.

The performance was a project of this year's eighth grade drama class, who also saw the American Conservatory Theatre's production of "Taming of the Shrew" this week in San Francisco.



Standing by at VMH

Margy Odell, public information director at Valley Memorial Hospital in Livermore, spent yesterday keeping an hour - to - hour blackboard tally of available medical facilities as a doctor shutdown began in the Valley. All was quiet, most doctors conducted business as usual, elective surgery was suspended until further notice at most Bay Area hospitals including VMH, and even the emergency room was no busier than usual.

Teens slate DC trip

More than a dozen valley teenagers will be enroute to Washington, D.C., this weekend to participate in "Close-Up," designed to give the students an in-depth understanding of how all branches of government function.

The students from Dublin, Amador, Foothill and Valley High will participate in seminars and discussions with a wide swath of legislators and government leaders.

Close-Up paid the expenses for a teacher and student from each school. Instructor Skip Mohatt and Joyce Johnson, a junior, are funded by Close-Up and will be accompanied by Rich Curry, who won a scholarship from Lucky Stores, Mark Zevanove, and Greg Wilfley.

From Dublin High, Herb Bryant and Barbara Follenfant are Close-Up participants, and Karen Knowles is attending courtesy of a scholarship from Dublin women's clubs.

Gary Poulos and Rich Henderson represent Close-Up for Foothill, and will travel east with Gordon Gooch, Jeff Ghidossi, David Albert, Chris Echavia and Linnae Himsl.

Tom Simonds and Cindy Hock are Close-Up participants from Valley High School.

The series of seminars and visits to government offices is scheduled from May 3 to 10.

Livermore Seniors

"Once again Cupid has invaded the ranks of the Livermore Senior Citizen Club," reports Anna Bartle.

The marriage of Mrs. Gladys Dick and Lowell Sherwin was announced at the club's recent Sunday gathering. The club extended its best wishes to the two who were neighbors at Sun Valley mobile home park.

Installation of new officers is slated Sunday, May 4, with Dorothy Svets of LARPD presiding.

Twenty more passengers are needed to fill a fourth bus for the outing to Tahoe-South Shore May 14-15. Non - member seniors over 50 years of age are invited to join the group at $25 for transportation and lodging, with a rebate of $6, breakfast, cocktails and scrip.

Buses leave the Livermore Recreation Center at 9 a.m. May 14, returning at 7 p.m. the next day. Ruth Stewart is taking reservations at 455-1505.

Seats are also available for a trip to Fort Bragg June 4 and 5 at $28 for fare and lodging. A feature of the trip is a ride on the famous Skunk train and a visit to Fort Ross. Reservations must be made with Mrs. Stewart by May 18.

Sign-up opens at noon Sunday, May 4, for a six-day trip to Southern California June 18-23. The safari will incoporate Los Angeles, San Diego, Busch Gardens, Sea World, San Diego Zoo, and an evening cruise at a cost of $130 for transportation and lodging.

Sign-up for this trip must be made in person at the west room of the recreation center between noon and 1 p.m.

Planning a May 18 card party are Mrs. Vickie Wyld and Mrs. Elizabeth Lassiter.

American Legion No. 47

The annual Spaghetti Feed of Livermore American Legion Post 47 is slated Monday, May 12 at Veterans Memorial Building.

Donation for the dinner, which follows a cocktail hour at 5:30 p.m., is $2.50 per person. For reservations contact Arden Kolsrud at 443-2282 or Al Hahn at 447-0109.

An auxiliary card party begins play at 2 p.m. Tuesday, May 6 at the Veterans Memorial Building. Donation for auction bridge or whist is 50 cents and includes prizes and refreshments.

Ranch Riders

Sign-up for the gymkhanna at Robertson Park Arena May 4 begins at 9:30 a.m.

The public is invited to participate in Keyhole, Polebending, Speedbarrels, Figure 8, and Barrel Racing, or simply to spectate. For more information call 443-0315 or 447-1812.

Twin Valley 'Y'

Plans for a "Y"-t Elephant Sale May 10 are in the offing for Twin Valley YMCA. The sale at Val Vista Park in Pleasanton will open from 9 a.m. to 4 p.m.

Spaces can be rented for $5 each. For further information on the sale, or to make a white elephant donation, call the "Y" office at 462-2211.

Proceeds benefit YMCA programs and the Livermore Society of American Indians. The Livermore "Y" Men's Club will staff a refreshment stand at the sale.

Y-Wives

Members of the Pleasanton Y-Wives will enjoy a demonstration of hand-weaving and spinning at a May 7 meeting at the First Baptist Church in Pleasanton.

Thale Struthers and Sharon Gardner will display their work and share their textile techniques from 9:30 to 11:30 a.m.

Election of officers is also on the club's agenda.

Valley women are invited to join the group. Child care is available through Diane Aguiar at 846-3763.

LBP

Marie Barthe will host the Livermore Business and Professional Women's Club Wednesday, May 7 at her Livermore home.

The agenda for the 7:30 p.m. meeting includes the announcement of new committee chairmen, and a discussion of programming as set by the national federation. The scholarship committee will also report on its selection for two scholarships awarded annually.

Parade spirit

The bicentennial look is beginning to appear in Pleasanton with several merchants displaying the 13-star Betsy Ross Flag. The three by five flag comes in a kit which includes pole, string and bracket for hanging at a cost of $12.50. It is hoped other merchants will also join the display, particularly by Saturday, to add to the atmosphere of the "Good Times" parade. Interested parties may contact any member of the Pleasanton Soroptimists or Corrine Mavridis at the Pleasanton Bakery, 846-4804.

DAR

Celebrating a second anniversary with a May 10 luncheon at the Emperor's Garden Restaurant in Livermore is the Jose Maria Amador Chapter of the DAR.

New officers of the chapter will be installed by Mrs. Everett E. Jones, state regent. Other guests of honor at the luncheon will be Mrs. Arthur Strehlow, state vice-regent, Mrs Robert Swadley, state chaplain, and Mrs. Sidney W. Sorensen, District 4 director.

Mrs. Jones will preside at the spring district meeting May 8 at Oakland's Lake Merritt Hotel. The 10 a.m. meeting includes election of District 4 officers.

Representatives of the 16 chapters of the DAR from Alameda and Contra Costa County will attend both the spring meeting and a District 4 workshop slated May 29 at the hotel.

Beta Sigma Phi

XI PI OMEGA CHAPTER installs new officers at 8 p.m. Monday, May 5 at the home of Mary Ann Cunial.

The chapter's new slate includes Carol Vranesh, president; Mary Ann Cunial, vice-president; Bobbie Richards, extension officer; Cheryl Nelson and Toni Jacoby, secretaries; Jo Stout, treasurer; Judy Odegard, civil defense; Joyce Edwards, LAVCC; and Pat Roudebush, alternate.

PI RHO CHAPTER'S May 5 meeting will be hosted by Jackie Kammermeier at her Pleasanton home, assisted by co-hostess Dorothy Houston.

The 8 p.m. program to be presented by Marlene Hernandez is "Travel."

DELTA ZETA KAPPA CHAPTER gathers at the Livermore home of Marilou Dennis at 8 p.m Tuesday, May 6.

Marilou will install new officer, including Mary Jo Sai, president; Virginia Tynan, vice-president; Ann Sage and Helen Lindley, secretaries; Roberta Cantua, treasurer; and Veryl McWilliams, extension officer.

Roberta will present the cultural program.

Livermore Jaycee Wives

A general membership meeting for election of the board of directors convenes Tuesday, May 13 at 7:30 p.m.

The meeting will be hosted by Karen Ivy of Livermore at 652 Moraga Dr.

Newcomers

A "get-acquainted" coffee for new residents in the Dublin-San Ramon area will be hosted by the Dublin-San Ramon Newcomers' Club Wednesday, May 7 at 10:30 a.m.

Newcomers is a social club organized to introduce new residents with each other and with the community. Luncheons are held the third Thursday of each month at local restaurants, with babysitting available.

The Pleasanton Hotel will be the setting of a May 15 luncheon featuring a program on burglar-proofing homes. For information on the luncheon call 828-8935.

For further information about Dublin-San Ramon Newcomers call 829-5278.

Arts council

The Livermore Cultural Arts Council convenes at a new time, 7:30 p.m., at Home Savings and Loan Association Wednesday, May 7. The public is invited to the meeting, with the LARPD as host.

Women's Guild

The Women's Guild of the Pleasanton Presbyterian Church gathers for the annual Spring Tea Tuesday, May 6 at the church social hall.

Entertainment for the 1:30 p.m. event will be provided by flutist Mrs. Caryl Scott.

Church members and the public are invited at a donation of $1.25 which benefits the guild.

Indian Festival

The Society of American Indians opens its Third Annual Festival Sunday from 10 a.m. to 6 p.m. at Granada High School.

The objective of SAI is to raise funds for scholarships for Native American students in the Livermore School District.

Theta Omega

Members of Theta Omega Chapter, ESA, will tour the Sunset House in Menlo Park May 8, and continue on to Allied Arts for shopping and lunch. Allied Arts is sponsored by the Stanford Children's Hospital Auxiliary.

The chapter's May 14 meeting, hosted by Joyce Cox of Livermore, will be highlighted by election of officers. Joyce will present the educational program on ceramics.

Three chapter members will attend the sorority's state convention May 23-25 at the Los Angeles Hilton Hotel. They are Sharon Rowell, incoming president, Mary Jane Farris, and Edna Rust.

Treasures 'n Trivia

The second annual Treasures and Trivia Sale of second - hand articles, near - antiques, plants, and Country Kitchen food, opens in two locations today from 11 a.m. to 2 p.m. The sale, sponsored by the Livermore - Amador Symphony Guild, is located at the home of Joanne Angvick, 2284 College Ave., and the home of Virginia McFann, 2211 College Ave., in Livermore. A special feature of the sale will be the drawing for winner of a free hot - air balloon ride over the valley. Chairmen Inhan Chung and Dorothy Wallace display the wide array of plants (including a Bonsai), as well as homemade jams, offered at the sale. Admission is $1 which may be applied to purchase of any item.

Where will we put those BART buses?

So that we might all keep pace with the latest advances on "protecting the valley's environment," a box score on our standing might be helpful:

● By rejecting BART's fixed rail system through the Dublin Canyon and developing instead "a full schedule of buses" to provide our long-term transit link to other East Bay points, we might "save money and curb some of the impetus for growth" that the trains would otherwise bring to this sylvan scene: By frustrating the state and federal plan to widen I-580 through Dublin Canyon (that comes from out other Environmental Branch) we discourage vehicular flow through that narrow passage, and therefore curb even more growth.

● Even if we do agree to any widening plan for Dublin Canyon, it shall be limited to no more than six lanes in total, thereby "preserving the valley's delicate atmospheric condition."

Now at the risk of being branded an anti-environmentalist, we would submit the following questions for public and political consideration —

If we are to rely on buses as our only link to the Bay's BART system, where will these "regular express services" travel if I-580 is to be left at its present four-lane configuration through Dublin Canyon ... even if that persists only for the next several years?

And if we eventually permit that passage to be expanded to six lanes total, and (presumably) reserve two of those lanes for the "express buses," then doesn't that leave car drivers and truck drivers still fighting for space along the same four-lanes?

Or, if these "express buses" are to share the four or six lanes along that troubled 10-mile stretch, then isn't it likely the travel time of those buses will be no better (and probably somewhat slower) than a passenger car . . . and won't the inevitable result of that comparison be that commuters will soon abandon the slowed-down buses in disgust, return to their private cars, leading in turn to a decision — about five years later — that "it is apparent valley residents will not support any BART extension into that area, and therefore the whole system should be abandoned as unwarranted and too costly"?

Which is maybe what some BART movers inside that financially-troubled and big-city-oriented system have been hoping all along. After all, there is far greater political profit in extending BART to big airports and even Palo Alto than there is in that damned promise to serve this eastern hinterland first.

And so where does all this leave us, ten years down the road?

We will have successfully stopped any major expansion for that Dublin Canyon rute, including particularly the addition of truck lanes and the "transit corridor."

We will have given up our inalienable taxpayers' right to a full extension of Bay Area Rapid Transit into this valley, accepting instead an uncertain "trial by bus" which will soon die of its own congestion.

And we will view the carnage through that canyon, ten years hence, including the aggravated smog emission from stalled cars and trucks, and the impossibility of ever providing effective public transportation to ease our burden, and we will ask: "How could intelligent people, acting with reasonable intentions, ever have gotten us into such a mess?" How indeed.

"The Reds Are Coming!"

Letters to the Editor

Immunization explained

Editor, The Times:

You recently ran a news article on the Alameda County Grand Jury's immunization report to the Board of Supervisors. The story also contained reactions to the report from the Nursing Coordinator for the Livermore Valley School District.

Based on my reading of the article it would appear to reflect unfortunate misinterpretations of both the survey's purposes as-well-as its findings, but especially at they concerned the Livermore School District.

In the fall of 1974 the State Department of Health conducted a state-wide survey of the immunization status of incoming kindergarten age students. The survey, a first in California history, had as its three fold purpose the alerting of parents to the need for immunizations, provide local areas with planning data, and support school districts in their implementation of State law requiring children to be vaccinated against Polio, Diptheria, Pertussis, Tetanus, and Measles.

School districts throughout the State were asked by State Schools Superintendant Riles to participate in this worthwhile activity. In Alameda County, all public school districts supplied immunization information on their newly enrolled (K) grade students, in addition to about half of the private and parochial schools. Livermore was one of the participating school districts in Alameda County.

Questions related to how many and how well (K) grade students are protected against the five childhood diseases (Polio - D.P.T. and Measles) has also been raised by your article. In your article, for example, the survey indicated 42% protection level for Polio in the L.V.S.D. was disputed as being incorrect, whereas, 97% was said to be the actual percentage. If this disparity were actually true there would be no question as to the survey's credibility. The differences in immunization may be accounted for perhaps in part due to a factor of timing, in that the survey's data was collected in September 1974, and the 97% figure was the result of a check made by the L.V.S.D. six months later. While it is very possible, therefore, to conclude that data about (K) grade students in the L.V.S.D. collected in September might not have actually reflected this populations true level of protection, it is important to point out that the District did report to the State that as of September 1974 only (501) out of 1197 of their enrolled (K) grade students had received the standard (3) or more doses of polio vaccine, for a protected population percentage of 41.85. Hopefully, the District's 97% is the true case at this time, with the remaining children accounted for as either in the process of being protected or exempted from compliance for either medical or religious reasons.

Your lay readership may not be too familiar with the situation regarding the differences between:

1. California legal school admission immunization requirements; and
2. United States Public Health Service Standards.

The distinction is important since it means the difference between a child having perhaps a 60% level of protection against all three viruses which can cause paralytic poliomyalitis (which is the probable case if a child only receives two doses of the three virus vaccine) or 95% protection if the same child has received three or more doses of the same vaccine.

Disagreement as to the meaning of the 1974 immunization survey has also rested on the fact that the State Department of Health used the National Standard to analyze survey data rather than using standards incorporated into State Law which are lower for some vaccines. Leaving aside this technical issue, the Alameda County H.C.S.A. along with State and Federal health agencies will continue to recommend immunization procedures which optimally protect our children against the five required immunizations, plus Rubella and Mumps.

The H.C.S.A. very much appreciates the attention you have given to the Grand Jury's report on immunization. We feel that by having done so that you have brought to the attention of your readership the continuing importance of immunization for pre - school age children.

FOCUS/School services

More cut'n trim due

Livermore Valley Unified, Murray Elementary and Pleasanton Elementary were among the five lowest school districts in Alameda County as pertains to funds put out per capita to educate students.

The figures for 1973-74, from the County Superintendent of Schools office, show that Pleasanton Elementary had the lowest amount, $937.72.

It would be simplistic to write off the figures associated with the three valley districts as being the result of too little industry and too many homes. But the reason for these seemingly low amounts behind each pupil is much more complex.

What should be worrisome to parents, though, in addition to school administrations and students, is what the prospectus is for 1975-76.

To put the situation in better perspective, lets take a look at the assessed-valuation-per-average-daily-attendance, per capita cost (both for 1973-74) and assessed valuation (1974-75) figures for each valley school district.

Amador, the only solely high school district in the county, has an assessed valuation of $195,106,511, valuation per ada (1973-74) of $38,434 and per capita cost (current expense of education) of $1,205.79.

Livermore Valley Unified has an assessed valuation of $161,584,728, an assessed valuation per ada (1973-74) of $47,816 ($33,616 for the high schools and $14,200 for elementary) and per capita cost (current expense of education) figure of $989.80.

The figures for Pleasanton Elementary School District, in the same order as Amador and Livermore, are $92,379,602 (1974-75 assessed valuation), $15,561 (assessed valuation per ada in 1973-74) and the aforementioned $937.72.

For Murray Elementary School District, the figures are $86,473,675, $13,253 and $984.23.

Sunol Glen has an assessed valuation figure of $16,253,234, an assessed value per ada (for 73-74) of $100,704 and per capita cost of $1,428.53. The latter is the top figure by far of any district in the valley.

Tiny Emery Unified, as you might suspect, has the largest amount behind each pupil of any district in the county....or the state for that matter. They also have the lowest tax rate, $2.08 for 1974-75. Berkeley and Piedmont, both unfied districts, have the highest tax rates in the county at $6.97 and $6.45, respectively.

With this bundle of figures at hand, let's proceed to the gloomy prospectus!

It is apparent, to begin with, that "services" are going to be reduced in school districts throughout the state in 1975-76. We hasten to add that this doesn't necessarily include every district in the valley. Nor do we intend to get into a game of conjecture at this time as to what services MIGHT be cut.

The California School Employees Association fears as many as 5,000 classified support personnel may lose their jobs while the militant American Federation of Teachers predicts a lopping of 2,000 teachers.

In short, when we speak of services it is usually in the context of personnel.

Many direct pupil services stand to be cut because district funds cannot keep up with double-digit inflation that has driven the cost of education almost out of reach.

Textbooks and transportation services lead the list of budget cuts confronting school administrators, in addition to the reductions in personnel.

Fortunately, in at least two valley districts (Amador and Pleasanton), there will be no cuts in certificated personnel. The same is true in Livermore. In Sunol, it will all depend on the outcome of the May 27 tax increase measure. A defeat would jeopardize the jobs of at least five teachers and classified persons.

New textbooks are practically being eliminated in many districts, and even the replacement of existing books is looked at twice in serious situations. With the cost of new books running higher than ever, partially due to recent paper price increases, curriculum advances are effectively stalled because few districts can afford to purchase the needed materials.

Other programs facing a doubtful future are those in special education, such as reading and mathematics help for low achieving students.

Another loser will be custodial and transportation services. The Mount Diablo Unified District in Concord, with more than $80 million invested in its physical plant, may have as few as 10 people to do all the needed maintenance.

The poorest districts are selling off land acquired for future building, and some school sites are being sold or converted to other uses.

A spokesman for the CSEA predicts even more dire consequences after next year."Inflation will continue to be ahead of what the schools will receive in new money for next year, and an even larger number of layoffs will come unless something drastic is done to support education."

Board members, administrators, personnel and parents please take note, the time has come for all of us to put our shoulders to the wheel and work as a team.

—by AL FISCHER

round the town

One of the side benefits of this journalistic post is the "publisher's exchange." That is a tradition whereby you put me on the mailing list to receive regular copies of your newspaper, and I in turn place you on my list to complete the agreement.

Frankly, we did more of that sort of thing during our tenure as a weekly newspaper publisher. Not only was it more practicable to make that once-a-week swap, but there is (and we are being terribly frank) a great deal more grass-rootsy comment in the weekly newspaper than you will ever find in the daily editions. The bigger and busier we get, the less attention paid to those delicious local details (some called it "gossip") which brightened the home-town pages.

We can recall when Alameda and Contra Costa Counties boasted a score of top-flight weeklies. Several of us competed for "best in the state" honors — and did our share of winning, too. Twelve years ago there were four such weeklies just within the total valley scene — one for Dublin-San Ramon, one for Pleasanton, and two in Livermore. The competititon for advertising was keen; but the claim to being "the only newspaper published in and for the community of . . . " was a very singular thing.

This golden era of Wednesday journalism is recalled with the receipt this week of the "UNION CITY OUTLOOK." Volume 1, Number 1. Richard G. Ford, editor, informs as to his intentions from that post: "The Outlook is a community newspaper, designed to tell the story of what is happening, where and when, while spotlighting community interest items." A modest enough claim it would appear. Certainly far less inflamatory than some of the launching statements made by other noveau publishers of the past. (We have in hand the first edition of the SUNOL SENTINEL, circa 188 19 1890. The publisher makes all kinds of flamboyant promises. Ten editions later, he announces the SENTINEL's demise. Blames "those who refused to pay their bills, cheating me of a livelihood.")

The Union Outlook started out with a promising 13-page first edition, offering a moder list of advertisers — the lifeblood of all news media, large or small. The Outlook also offers one feature which immediately caught this discerning journalist's eye — a column on page 12 entitled "AROUND TOWN." Haven't decided yet whether to sue for plagiarism, or send plaudits for his good taste. Best to wait and see what our over-the-hill counterpart comes up with by way of content. The first edition was somewhat mild, but our standards.

The Outlook will not of course survive. Not as a weekly. Either it will "be successful" — which means a daily frequency is somewhere along the line; or else it will simply fold with one of those sad little soliloquies. Maybe of the Sunol variety. "If you people had been paying your bills, I wouldn't be in this mess."

* * *

Only because The Times has a Friday edition can we offer you this kind of information — "If South Vietnam had capitulated to the Communists today, that surrender would have come 30 years to the day when the Soveits announced the fall of Berlin." Or — "it would be 113 years to the day since General 'Stonewall' Jackson's own Confederate troops mistook their leader for a Yankee scout, and shot him dead in Virginia." Either way, seems to be a parallel there.

Today is also noteworthy in that it marks the birthdate of one Bing Crosby. He is 71. Everyone over 50, particularly the ladies who wish they weren't, is allowed five minutes of private weeping.

While on the subject of "too late!," those of you who sent us copies of that tabloid advertiser with the full-page ad declaring "YOU CAN AVOID PAYING INCOME TAX, LEGALLY" along with your own question — "How come?" — will soon get an answer, we hope. We put it to the the people at IRS. As soon as they tell us, we'll tell you. But as the man says: "Don't try it until you're darned sure it's legal!" We won't, we won't!

And if the sewer moguls of the valley really want a gimmick to get them out of their effluent misery, I suggest subscribing to the TRACY PRESS, another very fine weekly newspaper, which has been carrying of late it's own sewer saga.

Only the city leaders of Tracy didn't fool around with low-level governmental agencies. Simply went to H.J. Heinz, the grandaddy of that community's industrial roster. "If you want to solve your own expansion problems, then you'll have to help Tracy solve its expansion," they said, or something like that. Anyway, Heinz got the message.

The agreement just signed by the city council and the Heinz folks provides that the company must "pay off a major share of the city's $2 million sewage bonds, finance a third of the plant's operations and maintenance costs, and repay a portion of the federal grant repesenting 87.5 per cent of the $13 million project." All of which brought a "thanks for thinking of us" response from the Heinz people, who now can go on doing their 57 wonderful things to and for the people of Tracy.

It's a great way to solve a city's sewer needs, if only you can stand the smell of tomatoes

Sound and Fury

Walt Hecox

I promised Bob Costa I would not call tomorrow night's football game between the valley's fire fighters and police officers the Insanity Bowl, so I will not.

But what in the name of all that is holy does a man call a tackle football game between middle aged men who should know better? The Insanity Bowl sounded pretty good to me.

Costa calls it the Establishment Bowl, so I guess I am stuck with that anemic handle.

I would opt for the Insanity Bowl if given a choice. Fortunately I am an man of honor and having given my promise will stick by Bob's choice.

After all, who am I to talk? At the ripe old age of 57 I challenged the then world's heavyweight boxing champion, George Foreman to a sparring match.

You should have heard Dick Saddler when I came up with that suggestion. I thought he was going to have a heart attack. Three times, because I do not give up easily.

Having demonstrated I was behind the door when the brains were passed out folks out there will see why I readily understand and sympathize with those misled laddies representing a variety public safety guardians in this area who will lay their health and welfare on the line tomorrow night for the sake of sweet charity and, I think, momentarily retrieving their youth and the long dead dreams of yesteryear.

Costa is not exactly typical. He is a moustachioed, 5'6", 160 pound fireman who has never played a moment of organized football in his life.

He is listed as a flanker and he doesn't expect to play much.

"If I get in for just one play I'll be happy," he told me.

Two plays could be fatal. Not all the laddies playimg in tomorrow night's game, an affair staged for the benefit of the March of Dimes and scheduled to start at 8 p.m. tomorrow night at Livermore High School, are 5'6" and 160 pounds.

If there is a lad the size of Costa on the other side of the line he will be facing fellows like Brad Santucci, an agile gentleman whom I remember as a basketball player and who stands 6'6" tall and weighs 220 pounds.

Santucci does not exactly qualify as middle aged. He is in his early twenties and I hate to think of his iron hard frame hurtling at full speed head on into the fragile frame of Costa.

The thought is a little frightening to this old man.

Ron Mueller, one of Costa's team mates, does qualify as middle aged, though he might not like the designation.

Unlike Costa, Mueller also qualifies as a top flight athlete, though a little worn around the edges.

Listed at an even six feet and 210 pounds, Mueller will be a formidable foe for any officer in the law who gets in his way tomorrow night.

Ron has long excelled at any sport he has tried and is currently one of the prime softball players in the area. He is apt to rammycackle the old apple into the outer gardens, if you will forgive me borrowing the phrase from Grantland Rice's grandfather, at any time.

Let him collide with a laddie Costa's size and he is a good bet to rammycackle him into Nirvana which is, I understand, a peaceful place but a man must be very dead to be allowed to exist there.

The lads on the fire department in Livermore got the idea for the contest from the Fremont and Hayward Fire Departments which play a similar contest for charity every year.

They also discovered that lawmen in Sacramento play an annual "Pig Bowl" which drew 21,000 fans last year.

"We thought it would be a good idea so we challenged the police," Costa said.

The lawmen delayed their decision but finally agreed to play. The two teams have been practicing for about two months.

Equipment was a problem. Both teams scrounged and scrambled to provide their players with the needed pads and protection which will hopefully limit the injuries which are inevitable in the organized mayhem called football to bumps and bruises.

There have already been some injuries. The firemen have lost about six players, mostly through reoccuring injuries, according to Costa.

"The fellows have an old ski injury or something like that and when they put pressure on that leg or arm they pull a muscle," Costa explained.

One piece of equipment has become a bone of contention. The police want to use the big, professional type ball. Firemen want the smaller, rubber ball used by high schools.

The firemen have indicated they are willing to use the professional type ball only if they are provided one with which to practice.

The pro ball is a quarter of an inch larger in diameter than the hi school ball the firemen have been using in practice.

Costa hints the police, whose ranks are about twice what the valley firemen have to draw from, are pulling a fast one.

"They want the big ball because their quarterback has hands like a gorilla," he charged.

Which, of course, may be the lawmen's reason for demanding the pro type ball.

Then again, as someone who has asked to remain anonymous has suggested, the leather ball could be a sentimental thing with the officers.

After all, it IS made of pigskin.

by Bernice Bede Osol

For Friday, May 2, 1975

ARIES (March 21-April 19) You'll feel very sociable today and enjoy being with friends. However, let some of your pals share the cost.

TAURUS (April 20-May 20) Conditions now are very favorable where your work or career is concerned, if you don't trip over your own feet. Let things progress naturally.

GEMINI (May 21-June 20) Don't harbor lingering self-doubts about present plans. Try them first — they'll work if you give them a reasonable chance.

CANCER (June 21-July 22) This can be a prosperous day for your business dealings. Just remember to keep those out of the act not directly involved.

LEO (July 23-Aug. 22) You'll be lucky today in getting others to co-operate. This will help compensate for your difficulties in getting through to higher authorities.

VIRGO (Aug. 23-Sept. 22) Seize the initiative. Do things without the boss having to remind you. Taking the bull by the horns now will later fatten your wallet.

LIBRA (Sept. 23-Oct. 23) Don't dismiss lightly your creative ideas over the next few days. Somewhere you'll find a market for your brain child.

SCORPIO (Oct. 24-Nov. 22) Your plans for the family may not find total acceptance from your mate at this time. Later, he'll sheepishly admit you were right.

SAGITTARIUS (Nov. 23-Dec. 21) You'll be able to clear up a business problem bugging you, if you take those involved out of the office into more congenial surroundings.

CAPRICORN (Dec. 22-Jan. 19) Your material prospects are in good aspect during this period. You'll profit if you handle your finances along conventional lines.

AQUARIUS (Jan. 20-Feb. 19) You're going to be receiving some good news shortly. It will be of more benefit for you than for others in your family.

PISCES (Feb. 20-March 20) Be very alert in your financial dealings. A profit could come from a source not evident previously — especially today and tomorrow.

Your Birthday

MAy 2, 1975

This will be a year of considerable opportunity for you. Handle what's offered wisely. It could mean a dramatic rise in position and status.

"I think your play might well go in the Guinness Book of Records," remarked North. "It took you just two seconds to throw that rubber out the window."

South had really played the hand rapidly. He ruffed the third diamond, led a club to dummy's ace and a second club back to his king. Then he led a third club and ruffed with dummy's seven of trumps. East overruffed with the jack for the third defensive trick. Then he led back a trump and eventually South had to lose his last club.

Do you see where South went wrong? He had sent a boy on a man's errand. He should have ruffed that first low club with dummy's king of trumps. Later on he would ruff the last one with that seven spot. East could overruff or not but South would still make his contract.

As a matter of elegance, South should cash dummy's ace of hearts before playing clubs. Then when he came back to his hand by ruffing a heart he should ruff with his ace of trumps. All this elegance would be unnecessary the way the cards lay, but South would be guarding against a possible heart overruff in case West held just one heart and the jack of trumps.

Jet-stream silver hair indicates that Ed Sabol is into the home stretch of middle age. But the complexion is a deep ruddy hue that symbolizes health, and the eye slats are scrunched elfishly in an eternal smile.

Sabol will look young until he dies. At 90 he will seem a good bet to rise from bed and play five sets of tennis. He has the aura of the light-hearted swashbuckler, much like Charles Farrell in "My Little Margie," days.

Sabol's glow labels him as a man who belongs to the out of doors. It is there he works, though climates may vary from a stifling Los Angeles afternoon to a bitter Buffalo Monday night. He is a filmmaker whose works may be more widely viewed than a Ford or Fellini. You may not know him, but his subjects are as familiar as the next door neighbor's barking dog.

Sabol is NFL films, producer of highlights and lowlights for professional football and the television networks that screen the games. Stretched end to end his football footage far outstrips that of Jim Brown, John Unitas and O.J. Simpson combined. Audiences view Sabol productions when they awaken, and just before they go to bed. They see him on the ground and in the air when football is the feature of commercial flights.

So much of Sabol's work appears on screen that a generation of fans has grown up believing football is actually played in slow motion. They consider dooms-day John Facenda, Sabol's long-time narrator, the voice of God.For sure he is a spokesman of Pete Rozelle, and that's just a high Ray Guy punt from the promised land.

The Oakland Raiders shipped Sabol into the Bay Area Wednesday night for a press preview of his latest achievement, "Committment to Excellence." It is the Raider highlight film and it is good. With the Oakland team there is plenty of splendid action to focus upon. Sabol's problem, and it is a recurring one, is the title. Each year the film has to have an upbeat label to avoid dwelling on Oakland's ultimate failure.

So the marketing department comes up with "Committment to Excellence," or "Pride and the Poise," when what it really means is: "Oh bleep. Second again."

"Committment to Excellence," faces up to Oakland's AFC championship loss to Pittsburgh in the opening scenes. There are the drawn faces of fans and the streaming tears of a cheer-leader.

But once that blotch is erased from the screen, joy abounds. The Raiders do more scoring than all the stock brokers at Perry's on a Friday after work. They fold, spindle and mutilate enemy quarterbacks.

Radio announcer Bill King even says; "Holy Toledo," which drew a chuckle from the preview audience.

This lecherous excess is preceded by a graphic which indicates the Oakland Raiders as pro football's winningest team over the last 12 seasons. They are ahead of the Dallas Cowboys, Cleveland Browns and Baltimore Colts. The graphic fails to note, however, that the Cowboys and Colts also won championships in the Super Bowl, or that the Browns earned an NFL title in the pre-Super Bowl Dark Ages.

Oakland coach John Madden, who introduced "Committment to Excellence," to the press, wasn't as evasive. He and the Raider staff live daily with the annual post-season catastrophies that make Sabol creations look like a fifth rerun of Hogan's Heroes.

Madden didn't try to hide the frustration. He explained it with an analogy. "The championship is like the four-minute mile," Madden said. "That was the big barrier for runners when I was a kid. "I'm sure the guys who were running 4:01 and 4:02 were anxious to get right out there and run again. But the guys who ran 6:25 weren't in such a hurry. We're anxious to get started again," Madden concluded.

That is understandable after watching his Oakland players cut a swath across the movie screen. Ken Stabler deserved an Oscar for his performance in a lead role. And Cliff Branch and Fred Biletnikoff were equally deserving in supporting parts, skittering across a hundred goal lines, and stealing scenes from noted stars like Tim Foley, Bruce Taylor and Cliff Harris.

The film's hero, and he is a threat to supplant John Wayne for movie heroics, is George Blanda. Don't call

Mats take it out on 'Pokes

Granada High's track team had a score to settle.

After falling to Amador Valley on Tuesday, the Mats went out yesterday and proved at the expense of the Livermore Cowboys they were a top notch squad.

The result of that revenge was stunning victory over the cross-town rivals on the Granada oval.

The Mats made a complete sweep of the day's affair with a 77-57 frosh-soph win and a 76-24 girl's triumph.

Highlighting the meet was the matchup between the Mats Danny King and Livermore Rich Sessions.

In the day's initial race, King gave the fans a taste of what was to come as he smoked Sessions on the final leg of the 440 relay, enabling Granada to win in 44 seconds flat. The Poke quartet logged a 44.4 time.

King went on to win the 100 yard dash in 10.1 while Sessions placed a distant second at 10.5. The Matador senior prevailed over Sessions in the 220 winning in 22.7 and merged talents with Drew Watson, Rene Parra and Kevin Loughman as the Mats won the mile relay in 3:34.5

Sessions did not go home empty handed as he won the 440 in 52.2. Watson was a close second in 52.6.

Doug Miller, Rich Guittierez and Scott Campbell played key roles in the black and gold win.

Miller teamed up with Guittierez, Loughman and King in winning the 440 relay and walked off with first in the long jump with a leap of 19-0. Miller also picked up a key third place finish in the highly competitive 100.

Besides being a member of the victorious 440 relay team, Guittierez won the 120 high hurdles in 15-2 and placed second in the triple jump.

Campbell won the 330 low hurdles in a school record time of 39.9. He also placed second in the 120 highs and won the triple jump with a leap of 41-5.5 to go along with his third place effort in the long jump.

Boyd Tarin turned in a fine distanceuble as placed second to Brett Hazen in the Mile and turned around to capture the two mile in 10:01.9. John Walden scaled 6-2 to easily win the high jump.

Cathy Honour was a triple winner as Diana Stohr as the Granada co-eds swamped the visitors.

Honour took the long jump (15-1.5), the 80 low hurdles (11.9) and team up with Cheryl Roberts, Kathy Eyler and Stohr to win the 440 relay (54.1), despite fumbling the baton.

Stohr won the 100 (12.0), the 220 (27.4) in addition to the realy.

SR wins fourth in a row

San Ramon high school's varsity track team has all but sewed up this years East Bay Athletic league track campaign.

The Wolves picked up their fourth straight league win with an 85-51 win over Amador Valley yesterday afternoon in Danville.

The Dons, seemingly psychdd up for the occasion since coming off a win over Granda, were literally eaten alive in both the running and weight events.

The most Amador could manage running wise was Jim Beaty's win in the 330 intermediate hurdles, and a superb 44.5 win in the 440 relay. The meet itself was decided after the 120 high hurdle race.

Carrying the heavy load for the Wolves in their eight outing of the season was distance ace Roy Kissin. Kissin picked up decisive wins in the 880 at 2:03.6, and rested up for the two mile at 10:29.

In that 880 yard run, the Dons Jim O'Brien overtook Roy with a 220 left, then both Kissin and Paul Swenson with 110 yards left made their move on O'Brien for a one - two finish.

Rick Brunner turned in two fine performances for the Wolves, winning both the discus and shot. Brunner tossed the disc 145-5, and the shot at 46-4.

Perhaps the most controvesial run of the afternoon occured in the mile run. After the Wolves Marty James and Jed Morrow took one - two in the mile at 4:43, the Dons Rick Preanau claimed James changed lanes in the start. Thus, Morrow was awarded the win, while James was disqualified.

Granada aims at 1st big swim win

Granada High is favored to win its first big swim championship this weekend at the North Coast Division I meet in the JFK Richmond pool.

The Matadors will send 12 swimmers and two divers against the East Bay's best, in an attempt to qualify for the NCS championship the following week in Santa Rosa.

Granada coach Gus DeGara expects his team to finish "no worse than third," in its first legitimate bid at swimming prestige.

He bases the claim on the fact that Granada has never sent such numbers into battle for a North Coast meet. "Granada always sent one or two swimmers to this, but never a whole team," DeGara said. "I expect us to finish first, but no worse than third."

Diving competition begins at 12:30 this afternoon at Kennedy High. Swimming finals begin at 9 a.m. tomorrow.

The main thrust of this week's meet is to qualify people for the Section championships, and DeGara is expecting to advance all 12 of his swimmers. "Here and there we might have some surprises, but most likely, we're going to make it," he said. "In every single event we should place somebody, except the 100 butterfly. And that's simply because we don't have anybody in the event.

Granada is banking heavily on distance freestyler and medley star Chris Hoenig Saturday. It also expects a top performance from the freestyle relay team that could bid for the North Coast Section championship next week.

The Matadors are aiming for a finish among the top teams in the entire Section at Santa Rosa, though DeGara is vague on the outcome. "It's too premature to predict anything, but realistically we should be in the top 10," he speculated.

Chico, Westmont in boot benefit

The teams that battled ferociously in the Far West Collegiate Soccer championships last year will stage a benefit rematch in Livermore's Robertson Park Stadium tomorrow.

Chico State University and Westmont College will play at 2 p.m. in a contest to benefit Valley youth soccer, and the Chico soccer program.

Chico, featuring two Livermore High School standouts, defeated Westmont in 1974 on penalty kick overtimes. The squads were rated among the top 10 on the West Coast.

Sophomore Ed Meyer of Livermore will be the starting goal keeper for the Wildcats, and forward Mike Payne, another ex-Cowboy is expected to see plenty of action.

Chico posted a 13-1-3 season's record this past year, out-scoring opponents, 60-10.

The leading goal scorer was Dee J. Harding of Logan, Utah, who will be a prominent factor tomorrow. Payne scored five goals for Chico, though starting only two matches. Meyer was the Wildcat goal keeper in every game.

One of the key players for Chico will be fullback Matt O'Sullivan, an honorable mention All-American.

Westmont will be paced by All-American halfback, Alfonso Guzman, a sophomore from Santa Barbara. He was the team's leading scorer.

Westmont finished second to UCLA in the Southern California Intercollegiate Soccer Association last season. The team reached the quarter-finals of the NAIA National Tournament in St. Louis before losing to national runner-up, Davis -Elloins in double overtime.

Awards night

The Livermore Boosters Club is seeking new members prior to its May 19 awards banquet, honoring the top student - athletes at Livermore and Granada high schools.

The Club will award $100 scholarships for four years to one winner from each school. Finalists for the scholarship, selected for athletic and academic achievement, will be announced in the next two weeks.

Approximately 150 athletes from the two schools will attend the Boosters Banquet at Marylin Ave. School. This will be the 18th Boosters' Banquet.

To join the boosters, call 447-0325, or 447-8447.

Frosh-soph track

Foothill sweeps Cal spikers

Foothill High won both ends of a frosh-soph track meet with rival California yesterday afternoon; taking the boys contest 93-43 and the girls match-up 53-32.

Several thinclads turned in impressive performances during the EBAL dual meet, led by Foothill's versatile John Fossett. Fossett, who captured a distance double with victories in the mile (5:07.7) and two mile (12:07), also copped the high jump with a 5-5 effort.

Cal sprinter Steve West took both the 100 (10.8) and 220 (25.0) and ran on the victorious 440 relay team.

Falcon weight man Mike Colvin was also a double winner, grabbing the discus (189-2) and the shot put (44-9). Also in the field events, Grizzly long jumper Craig Cline claimed both his specialties; the long jump (20-7) and the triple jump (41-10).

Another versatile Falcon was Kent Hall who dashed to a first in the 70 high hurdles (11.2) and claimed the gold in the pole vault at 8-6.

On the distaff side, three competitors came out double winners multiple winners.

Cal sprinter Bobbie Payne dashed to firsts in the 100 (12.3) and the 220 (29.5) before capping a fine performance by winning the long jump in 14-9.

Foothill had the other pair of double winners as Rosemarie Donnelly outdistanced the 880 field (2:58.6) and soared 4-0 to take the high jump and Stacy Damerval, one the Falcons top basketball players over the winter, took the 80 low hurdles (14.1) and the discus (76-10).

Franklin burst whips Linen, 4-3

After five innings of offensive frustration, Franklin Savings erupted for four runs in the last of the sixth inning to overtake Amador Linen, 4-3 Wednesday in Pleasanton National major league baseball.

Tom Northam, Tim Heinzel and Kevin Stout all singled for the sum of the Phillies' offense.

Gary Kuntz had two hits for Amador, and teammate Jeff Castillo doubled.

Bob Singleton's fine catch in center field was the defensive gem of the game.

The Triple-A Bruce Drywall Phillies scored once in the sixth inning to edge Graham-Hitch, 10-9. Pat McCloud, Steve Ferolito and Randy Verboon all doubledi for the Phils. Dave Hohl of the Giants homered. Winning pitcher Andy Moran struck out 11.

The Phils won in Double-A, 19-17, despite great hitting by the Giants' Jim Sernach and Chris Gates. They combined to knock in nine runs Tim McCutchin had three Phils' hits, and Stan Bell doubled twice.

In Single A, the Phils weathered a five-run Giant rally in the last inning for an 11-10 victory. Donald Nagale and Jim Garrett stroked two doubles each for the winners. Mitch Wilkerson and Jeff Hill also doubled. The Giants' Kelly Hewit tripled, and Brian Lawerence doubled.

Irby's rolled seven in the top of the first inning and went on to trounce Televue, 10-4 in Pleasanton National major league baseball Monday.

The Milkmen pounded out six base hits, including Eric Whalen's two doubles, good for four runs-batted-in.

Barry Mori and Bobby Edwards tripled and doubled off Whalen, the winning pitcher. He struck out 12 and allowed five hits.

The Triple A Swenson Cubs beat the Pirates, 15-4. Greg Scott doubled twice Kevin Hoggatt, Kent Milinaro, Mike Hansen, asteve Raymond David Elrod all had hits.

In Single A baseball, the Pirates edged the Cubs, 13-11. Tim Archer rocketed a pair of triples , and teammates Steve Woodfill and Will Hayes had one each. The Cubs' Robert Sato had four hits.

The Double A Pirates clobbered the Cubs, 13-4. Scott Mandal tripled three times, and Todd Tofautr singled twice. The Cubs Tony Chavarria homered.

Hampton had the A's hits.

Dublin Rental of the minor leagues bounced Dublin Office Supply, 15-3. Jerry Weaver had three hits for the winners, and Dickie drove in two runs. The Royals' David Hoole doubled home a run.

The Exchange Club downed the Office Supply team, 16-15. John Berejka drove in three runs for the winners, and Tim Koberg supplied four base hits.

Yangtze Restaurant crushed Casper's, 25-11. Chris Jensen and Matt MacFarlane had five hits each. Sal Gallagher made a fine catch at third base.

Livermore National

A five-run Palomart rally in the last of the sixth inning failed to overtake C. Ridolfi Painting which earned an 8-6 victory in Livermore National major league baseball Wednesday.

Ridolfi, which scored five times in the second inning, was paced by Mark Lopez' three runs-batted-in. Glenn Kersey doubled.

Palo's Walter Hawkins doubled in two runs, and Ken Leiser singled to drive across two more.

Hutka dddefeated R.B. Ranch, 7-5, thanks to Robbie Dalrymple's tw RBI's. Tom Sims tripled.

J. Sports Lettering crushed Pearson's, 13-5, as Greg Jones and Bryan Shank pitched a three-hitter. Andrew Armosino and Ray McNejll cracked triples.

Larry Cullen's three-run homer in the top of the fourth inning sparked a five-run rally that carried the Elks past Country Market, 9-7, in Granada major league baseball Monday.

Cullens, who also singled, drove in four runs for the game.

Teammate Steve McKenzie singled twice

Kevin Grijalva and Paul Sandoval both drove in three runs for Country Market.

Dublin Valley

Crown Chevrolet out-slugged Rich's Chevron to gain an 11-8 victory in Dublin Valley major league baseball this week.

Mike Harwood, with two runs-batted-in, and Jeff Fleshman and Danny Reyes, with one apiece, led the Royal batting attack. Reyes had three hits.

Cary Skeen and Ray Reposa each had two hits for the Rangers. Reposa drove in two runs.

Rich Fahey fired a two-hitter as Frank's Exxon stunted Romley's, 7-1. Fahey struck out seven. Jim McKeown drove in two runs for the winners, as did Tom Hoffman. Phil Hampton and Dave

Area golf

Keith Voelker fired a sparkling three-under par 33 on the windy front nine at Las Positas golf course yesterday afternoon as the Livermore Cowboys clubbed the Granada Matadors, 187-209, in EBAL golf.

Voelker picked up three birdies and six pars in turning in one of the finest rounds of the EBAL season.

Teammate Neil Zurakowski was also under par with a 35.

Granada's best score was turned in by three-sport athlete Mike Fracisco, who tied the 'pokes' Jeff Smith and Mike Lewis for third with a 39.

The win leaves the Cowboys tied for first with San Ramon at 8-2 entering today's showdown with the Wolves at Diablo Country Club in Danville.

him ageless like everyone else, because he has an age. It's 46, and it's old for a football player.

But Blanda brought a tear to movie-goers with a touchdown throw against the Dallas Cowboys. It was his first forward pass in eons, and it was successful beyond even the dreams of Sabol's script writer.

Facenda, who could make a Chargers-Broncos game sound like the Last Supper, called it the greatest moment in man's history or something akin to that.

There was even a shot of adoring Jim Garner, the Raider super-fan, wishing he didn't have to be a rich, handsome actor, but instead, a graying pot-bellied quarterback.

Of course the film climaxed with Oakland's improbable comeback victory over Miami in the AFC playoffs. First Curt Gowdy screamed about the winning touchdown, then King followed with maniacal rantings.

There were a few scenes of players and fans hugging, then Facenda bellowed; "Amen," and the movie ended. The subsequent Pittsburgh loss was relegated to memory.

Madden hasn't forgotten, however. "We'll have our rookies and young veterans in Oakland this weekend," he promised.

DR. BILL HOFFERT is enjoying the big striper season more than some of us. Reason — he boated a really big one over the weekend — a whopping 49-pounder. Dr. Hoffert, with two friends, Drs. Hayes of Lodi and Berardi of Fairfield, fished the Steamboat Slough. Bill had a strike right away, so strong it almost tore the rod out of his hands. It took more than 30 minutes of scrapping to get the critter alongside, with lots of advice and encouragement from his buddies. There was some extra excitement when his two fishing buddies got tangled up in his line with their net and gaff. The hook broke loose from the gaff and the striper tore up most of the net, but he was finally brought aboard.

Bill used a 20-pound test line with a Masters eight and one-half foot rod, a Quick 330M reel, and for bait he used bloodworms.

A yacht not far away observed Bill's fantastic catch and when it was over they put a small boat in the water and sent over congratulations along with a fifth of VO.

Bill's striper may be the year's winner. It's nice to know that not all of the big ones get away!

LARRY CLENDENEN tells how a couple of big ones did get away from him. He says, "I lost a good one; it went directly across the river, and it broke my 50-pound leader! And another one just straightened out my hook and kept going." Better luck next time, Larry! We know there are still some big ones out there.

R.C. HEINITZ and Larry Clendenen, co-chairmen of the LLL Spring Fishing Derby, report a very successful event over the weekend. Fish were weighed in at the Delta Sportsman. Lots of good prizes were awarded. Winners with those big stripers were as follows:

Tim Rivers, 24 lb. 13½ oz.; Jim Bixby, 23 lb. 3½ oz.; Larry DeRosa, Sr., 20 lb. 15 oz.; Keith Alrick, 18 lb. 9½ oz.; Art Combs III, 11 lb. 10 oz.; John Helstowski, 9 lb. 8 oz.;

Steve Gilley, 6 lb. 10½ oz.; Len Swisher, 5 lb. 5 oz.; Al Ryan, 5 lb. 5 oz.; Mike Lephew, 5 lb. 1½ oz.; Art Coombs, Jr., 3 lb. 15½ oz.; Bob Boben, 3 lb. 11 oz.; Ted Valk, 3 lb. 7 oz.;

Dorothy Cragholm, 3 lb. 2 oz.; Larry Clendenen, 3 lb. 2 oz.; R.C. Heinitz, 2 lb. 12 oz.; Richard Ryan, 3 lb. 3 oz.; Lee Loquist, 2 lb. 1 oz.; Lester Burton, 1 lb. 9 oz.

The Junior Striper winners were: Keith Clendenen, 5 lb. 7 oz.; John Stevenson, 3 lb. 8½ oz.; Larry DeRosa Jr., 3 lb. 5 oz.; Bill Stevenson, 3 lb. 3 oz.; and Gordon Allums, 1 lb. 11 oz.

Catfish biggies were brought in by David Freeman, with 7 lb. 9 oz.; and Dave Surbrock, 1 lb. 11½ oz.

Door prizes were won by Henry Cordova, a radio; Al Krueger, a tackle box; Chuck Covey, a rod; and each of the following lucky persons got a $10 door prize: Philip Wiedemann; Stan Morrison; Kelley White; T.V. Loggirg; C. Bostard; Mohn Migliore; B. Besort; and A. Hahn.

Every participant enjoyed the day and is looking forward to next year's contest.

SUNDAY, MAY 4, is the date of the big 29th Annual Barbecue at the Livermore-Pleasanton Rod and Gun Club. The various events and entertainment for the whole family starts at 9:30 a.m. Their famous steaks and other good things to eat will be served beginning at nnon.

A "country store," various shoots, entertainment and events for children and all family members will be going on most of the day. Carol Jean's dancers will appear at about 4:30 p.m.

You are asked to bring your own silverware. Come and enjoy the day. This is a time when a lot of old friends get together and have a great time.

DEPARTMENT OF HOUSING AND COMMUNITY DEVELOPMENT
OF THE
CITY OF PLEASANTON
COUNTY OF ALAMEDA
STATE OF CALIFORNIA
NOTICE OF INTENT TO FILE A NEGATIVE DECLARATION HILLSIDE PLANNED DEVELOPMENT ORDINANCE
April 28, 1975

In accordance with the provisions set forth in Resolution No. 75-22 (Environmental Impact Guidelines and Procedures), adopted by the City Council of the City of Pleasanton on January 27, 1975, the proposed enactment of the Hillside Planned Development Ordinance has been determined to require a negative declaration.

The project in question consists of the enactment into the City Ordinance Code the proposed Article 32 of Chapter 2, Title II of the Ordinance Code, together with minor revisions of other code sections to bring them into consistency with the proposed Article 32, the Hillside Planned Development District.

The proposed ordinance would only apply to lands subsequently placed in this zone. As such, the enactment has no direct impacts. The intent and purpose of the ordinance is to preserve the significant features of the hill areas surrounding Pleasanton by regulating development density and design. It is the finding of the Director of Housing and Community Development that this project would not create, to a significant degree, any of the effects enumerated in Resolution No. 75-22 which indicate that the environment may be harmed. It is anticipated that those hill areas currently zoned, if placed in the proposed zone, would not increase in overall density and would be given the design flexibility to enable development to take place in the least environmentally damaging manner possible.

For more information on this case, contact the Department of Housing and Community Development, 200 Bernal Avenue, Pleasanton, California 94566, telephone 846-3202.

Unless any written appeals of this case are received by this department within ten (10) days of the above date or publication of this notice in the **Pleasanton Times,** whichever is later, this decision will become effective.

DEPARTMENT OF HOUSING AND COMMUNITY DEVELOPMENT OF THE CITY OF PLEASANTON COUNTY OF ALAMEDA STATE OF CALIFORNIA NOTICE OF INTENT TO FILE A NEGATIVE DECLARATION PROJECT DESIGNATION: UP-75-10

April 28, 1975

In accordance with the provisions set forth in Resolution No. 75-22 (Environmental Impact Guidelines and Procedures), adopted by the City Council of the City of Pleasanton on January 27, 1975, conditional use permit application UP-75-10 for the construction and operation of a service station has been determined to require a negative declaration.

The project in question consists of the construction and operation of an 18 pump self-serve gasoline service station on the northwest corner of the intersection of First Street and Ray Street.

It is the finding of the Director of Housing and Community Development that this project would not create, to a significant degree, any of the effects enumerated in Resolution No. 75-22 which indicate that the environment may be harmed. The use on the presently vacant commercial service site would be compatible with surrounding uses on this major roadway - a commercial complex, another service station, vacant land and a church. Traffic congestion is not expected. Proper installation and use would minimize the potential release of pollutants into the atmosphere.

For more information on this case, contact the Department of Housing and Community Development, 200 Bernal Avenue, Pleasanton, California 94566, telephone 846-3202.

Unless any written appeals of this case, contact the Department of ment within ten (10) days of the above date or publication of this notice in the **Pleasanton Times,** whichever is later, this decision will become effective.

DEPARTMENT OF HOUSING AND COMMUNITY DEVELOPMENT OF THE CITY OF PLEASANTON COUNTY OF ALAMEDA STATE OF CALIFORNIA NOTICE OF INTENT TO FILE A NEGATIVE DECLARATION GENERAL PLAN AMENDMENT 75-3

April 28, 1975

In accordance with the provisions set forth in Resolution No. 75-22 (Environmental Impact Guidelines and Procedures), adopted by the City Council of the City of Pleasanton on January 27, 1975, proposed General Plan Amendment GP-75-3 has been determined to require a negative declaration.

The proposed amendment would change the land use designation for that approximately 19 acres of land located at the southeast corner of the intersection of Bernal Avenue and Foothill Road from Retail Business and Offices, Professional and Administrative Offices, and High Density Residential to Medium Density Residential.

The proposed land use is less intensive than the current use authorized by the General Plan. A change in land use designation does not involve any direct environmental effects; the effects are secondary since the designation does not permit any particular development, but rather allows certain types of development. The potential secondary environmental effects of the proposed amendment would be expected to be less significant than those of the present land use deisgnation. Any subsequent development proposals for this presently vacant land would be subject to full environmental analysis. In light of the foregoing, it is the finding of the Director of Housing and Community Development that this project would not create, to a significant degree, environmental effects enumerated in Resolution No. 75-22 which indicate that the environment may be harmed.

DEPARTMENT OF HOUSING AND COMMUNITY DEVELOPMENT OF THE CITY OF PLEASANTON COUNTY OF ALAMEDA STATE OF CALIFORNIA NOTICE OF INTENT TO FILE A NEGATIVE DECLARATION PROJECT DESIGNATION: Z-75-60

April 28, 1975

In accordance with the provisions set forth in Resolution No. 75-22 (Environmental Impact Guidelines and Procedures), adopted by the City Council of the City of Pleasanton on January 27, 1975, zoning permit application Z-75-60, an application to construct an apartment complex, has been determined to require a negative declaration.

The project consists of the construction of a proposed twenty-one (21) unit apartment complex at 847 Rose Avenue. The two-story building, approximately 13,500 square feet in floor area, together with carports, parking, and landscaping, would occupy an approximately 31,936 square foot lot currently occupied by two single family dwellings and an accessory building.

The conversion of use from two single family dwellings to a high density apartment complex in an area of mixed single family multiple residential use would have the environmental impacts associated with any increase in intensity of use. The project would generate increased traffic, increased noise associated with both traffic and increased population, and increased load on services of all kinds. These impacts should be largely local in effect and should not be significant - except demolition and construction noise which would be temporary. It is the finding of the Director of Housing and Community Development that this project, being consistent with the zoning and current general plan for the site, would not create, to a significant degree, any of the effects enumerated in Resolution No. 75-22 which indicate that the environment may be harmed.

DEPARTMENT OF HOUSING AND COMMUNITY DEVELOPMENT OF THE CITY OF PLEASANTON COUNTY OF ALAMEDA STATE OF CALIFORNIA NOTICE OF INTENT TO FILE A NEGATIVE DECLARATION PROJECT DESIGNATION: Z-75-55

April 28, 1975

In accordance with the provisions set forth in Resolution No. 75-22 (Environmental Impact Guidelines and Procedures), adopted by the City Council of the City of Pleasanton on January 27, 1975, zoning application Z-75-55, an application to construct a commercial service center, has been determined to require a negative declaration.

The project consists of using an approximately 9.25 acre site at 3716 Stanley Boulevard or a commercial service center. Three one story modular buildings totaling 100,000 plus square feet would be constructed, surrounded by off-street parking and landscaping.

It is the finding of the Director of Housing and Community Development that this project would not create, to a significant degree, any of the effects enumerated in Resolution No. 75-22 which indicate that the environment may be harmed. The use in this commercial area would provide local service where none is now presently available for local residents, thus reducing vehicle miles travelled and pollutant load of the valley while not overloading the existing major roadways utilized by customers to reach the site. The use on this site is consistent with the Pleasanton General Plan.

DEPARTMENT OF HOUSING AND COMMUNITY DEVELOPMENT OF THE CITY OF PLEASANTON COUNTY OF ALAMEDA STATE OF CALIFORNIA NOTICE OF INTENT TO FILE A NEGATIVE DECLARATION GENERAL PLAN AMENDMENT 75-2

April 28, 1975

In accordance with the provisions set forth in Resolution No. 75-22 (Environmental Impact Guidelines and Procedures), adopted by the City Council of the City of Pleasanton on January 27, 1975, proposed General Plan Amendment GP-75-2 has been determined to require a negative declaration.

The proposed amendment would change the land use designation of an approximately 5.2 acre plot located near the northeast corner of Valley Avenue and Hopyard Road from High Density Residential to Retail Business and Offices. The plot is bounded on the north by the Pleasanton Canal, on the east by the rear lot line of existing single family residences, on the south by Valley Avenue and a small plot of land on the corner of Valley Avenue and Hopyard Road containing the First National Bank of Pleasanton's drive-in facility, and on the west by Hopyard Road.

The configuration of this plot and its location adjacent to two major arterial roadways makes it unsuited for residential use. Its use for commercial purposes would be more consistent with the relatively noisy environment. Such a use would not be inconsistent with neighboring uses, for similar uses are located to the south, and parks are located to the west and north. Proper design could mitigate any effects upon the existing single family residences to the east. Although much of this land is located on a Flood Hazard Zone, changing the general plan designation would have no environmental effects as this factor would be evaluated in any subsequent development proposal. It is the finding of the Director of Housing and Community Development that this project would not create, to a significant degree, any of the environmental effects enumerated in Resolution No. 75-22 which indicate that the environment may be harmed.

April 28, 1975

In accordance with the provisions set forth in Resolution No. 75-22 (Environmental Impact Guidelines and Procedures), adopted by the City Council of the City of Pleasanton on January 27, 1975, the construction of the proposed commercial building at 435 Main Street has been determined to require a negative declaration.

The project in question consists of the construction of a commercial building of 3,825 square feet at 435 Main Street, the current site of the Arrow Rentals complex. Off - street parking behind the proposed building and existing buildings to the south, together with landscaping, would be provided for 39 cars, with access from West Angela Street.

The proposed use is consistent with the central commercial zone and is not expected to create any environmental effects unexpected in such a zone. The Planning Commission of the City of Pleasanton has set May 14, 1975, at the hour of 8:00 P.M. Wednesday evening, a regular Planning Commission meeting in the Pleasanton Justice Court, 30 West Angela Street, Pleasanton, California, as the time and place to consider the following matter:

Application of the Pleasanton Planning Commission to establish a new land use zoning district - the proposed **Hillside Planned Development District.** This district could be established only in areas having an average slope greater than ten percent and in such areas would regulate intensity of development by correlating density with slope.

The Planning Commission may approve, modify or deny the application, or recommend to the City Council any action deemed in the public interest.

NOTICE IS HEREBY GIVEN that the above hearing shall be held and persons concerned shall be heard by the Planning Commission.

Dated: April 24, 1975

DEPARTMENT OF HOUSING AND COMMUNITY DEVELOPMENT OF THE CITY OF PLEASANTON COUNTY OF ALAMEDA NOTICE OF INTENT TO FILE A NEGATIVE DECLARATION PROJECT DESIGNATION: UP-75-6

April 28, 1975

In accordance with the provisions set forth in Resolution No. 75-22 (Environmental Impact Guidelines and Procedures), adopted by the City Council of the City of Pleasanton on January 27, 1975, conditional use permit application UP-75-6, an application to operate a nursery in an industrial park zone, has been determined to require a negative declaration.

The project consists of expanding the existing Casa Verde Garden Center located at 5511 Sunol Boulevard northward onto the open land contiguous to the nursery, and removing the time limit established for the original use. The approximately 3.4 acre plot now undeveloped would be used as a nursery, combining with the existing nursery to form an integral unit.

It is the opinion of the Director of Housing and Community Development that this project would not create, to a significant degree, any of the effects enumerated in Resolution No. 75-22 which indicate that the environment may be harmed. The operation of a nursery would not generate any significant adverse environmental effects on this open land or on the industrial surroundings.

For more information on this case, contact the Department of Housing and Community Development, 200 Bernal Avenue, Pleasanton, CA 94566, telephone 846-3202.

Unless any written appeals of this case are received by this department within ten (10) days of the above date or publication of this notice in the **Pleasanton Times,** whichever is later, this decision will become effective.

Director of Housing and Community Development

AD LIBS

By BILL HAYDEN

The king of the banana splits —and I'm not talking about a rock group — has to be Maynard Moreland, proprietor of Dairy Queen No. 71 in Livermore, who is seen below telling Livermore Maid Marjo McGpwan all about the 5000 banana splits DAIRY QUEEN created for local consumption last Thursday and Friday. If this figure seems a bit outlandish — practically one banana split every 20 seconds of their working day — I'll have to let you in on the intelligence I've received from national Dairy Queen headquarters. The 39 cent masterpieces sold from coast to coast and the number involved at all participating Dairy Queens was over 4,000,000. That adds up to a lot of contented customers whose sweet-teeth have been satisfied and whose pocketbooks are still bulging with unspent cash.

I'm happy for Maynard because this in some small way makes up for the fact his masterwork —the piece de resistance of the ice cream world —the 1000-foot banana split which was scheduled for construction at Junction Avenue School last Friday was rained-out.

You can 'sing' in the rain, 'walk' in the rain and even — if you're a Gene Kelly — 'dance' in the rain, but there's very little one can do with 1000 feet of banana split in the rain. That, you might say, percipitates a whole new problem. The news of its cancellation was a major 'scoop' in the ice cream world. Knowing Maynard, however, I'm sure there will be some other newsworthy item being created at DAIRY QUEEN NO. 71 at that Second Street location.

If you haven't acquired your Pleasanton 'Bicentennial Poster', I'd like to point out they are also available at THE CARROUSEL in the Amador Center.

Duncan and Marily McDowell, shown below displaying the poster, also feature a large and colorful stock of cards, gifts and knicknacks at THE CARROUSEL which is located at 1719 Santa Rita Road in Pleasanton. Their phone number is 846-6414.

The McDowells also note you can purchase all seven 'old town' scenes which were commissioned by the Pleasanton Bicentennial Committee from artist Pam Brekas individually as pictures suitable for framing or on the poster which sells for $2. In addition to the seven pictures of vintage buildings, the poster has a reproduction of the city seal and the official bicentennial symbol.

The individual pictures are of the Pleasanton Hotel, the Shoe Stable, Kolln Hardware, the Century House, the First National Bank Building, the Veterans Memorial Hall and the old City Hall.

Almost anyone interested in the history of the valley should find the 'bicentennial poster' and the individual pictures a must for their collection of memorabilia. With such fifty-cent words, all this is beginning to sound like a paragraph out of a 'Snoopy' novel.

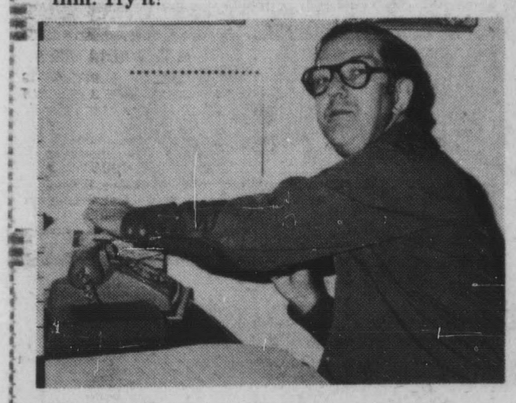
Even if you're not interested in posters, I'm sure you'll enjoy a visit to THE CARROUSEL.

You would ordinarily find this spectacled quizzical expression behind a camera, but I caught Leslie B. Jacobs, photographer extraordinaire, looking right into the receiving end of a lens

The only reason he's reaching for the phone is because it keeps ringing off its cradle. Valleyites are always calling for information about the newest thing in photography — 'NOSTALGIA'. You'll enjoy a trip to THE COUNTRY STUDIO, 160 So. K Street in Livermore, to see the fascinating results now achieved in individual or group sittings.

According to Les, it's all done with such style and success because people love to 'dress up' and 'play parts'. The nostalgia approach allows the average guy who can be pretty up-tight when someone points a camera in his direction to relax, to 'get out of his shell and let the real personality shine through. The result is usually a terrific picture.

There's no need for me to babble on about it, however. Call 455-1400 and ask Les, or lovely wife Paula, how you can get yourself or your family on film. Try it!



People prefer to drive

A Gallup survey recently commissioned by the Highway Users Federation confirms a basic American characteristic: People want to drive themselves.

They also want to complete the Interstate Highway System and improve rural roads.

They don't see traffic safety as a big issue.

And on the question of an energy shortage, the country is about evenly divided between thinking that there is a serious shortage and thinking that there's no shortage at all.

Those are general trends of the poll originally released several weeks ago but without demographic breakdown. More detailed information now available shows, for example, that the young, well-educated, more affluent, dwellers in the East and West, and the suburbanites are the ones who think that there is an energy shortage and that it's a serious one. Nationwide, 48 per cent believe there is a shortage; 44 per cent think not.

The Gallup survey, completed in February 1975, included interviews with 1544 persons age 18 or older. The sample was selected to represent the adult population of the United States.

Valley Bank appoints president

Dean Kollewe has been appointed president of Valley Bank effective April 17, according to Joseph M. Schenone, chairman of the bank's board of directors.

Kollewe has been acting president of the bank since January 1. He will continue to be stationed at the bank's main office in Livermore and will also have responsibility for the Dublin and Pleasanton offices.

Kollewe began his banking career in 1949 with the First National Bank of Richmond. Before joining Valley Bank, he was vice president and manager of Central Bank's Washington Manor office in San Leandro, and prior to that, held a number of managerial positions at Central Bank offices in Oakland and Newark.

Three Livermore auto dealers recently received awards from the California State Automobile Association (AAA). Included in the presentation were (l. to r.): George Wills, CSAA Livermore district manager; Milt Codiroli, Codiroli Ford & Mercury; Don Plummer, Don Plummer Chevrolet - Buick; Bill Groth, Groth Brothers Oldsmobile; and Leo Croce, superintendent, Livermore Valley Joint Unified School District.

Auto dealers honored

Auto dealers from Livermore, Dublin and Hayward who provide cars for use in high school driver education programs received awards at a luncheon given by the California State Automobile Association (AAA) recently.

The CSAA awards recognize that the voluntary loan of dealership cars substantially contributes to traffic safety by enabling high school students to develop proficient driving skills through actual behind-the-wheel training.

The following dealerships received awards: Codiroli Ford and Mercury, Don Plummer Chevrolet-Buick Inc., and Groth Brothers Oldsmobile Inc., all of Livermore. Also receiving awards were Crown Chevrolet and Shamrock Ford of Dublin and Hayward Datsun of Hayward.

Presenting the awards was CSAA Livermore Valley district manager George G. Wills, assisted by Supt. Leo Croce, Livermore Valley Joint Unified School District, and Bruce Newlin, Amador Valley Joint Union High School District official.

Tops in sales

Connie Klugow is shown receiving the trophy for the top sales producer for the month of March from manager Don Theile of Valley Realty's Crow Canyon Road office. This is the third consecutive time Connie has received the award this year. Her sales volume during the first three months of 1975 was in excess of $600,000.

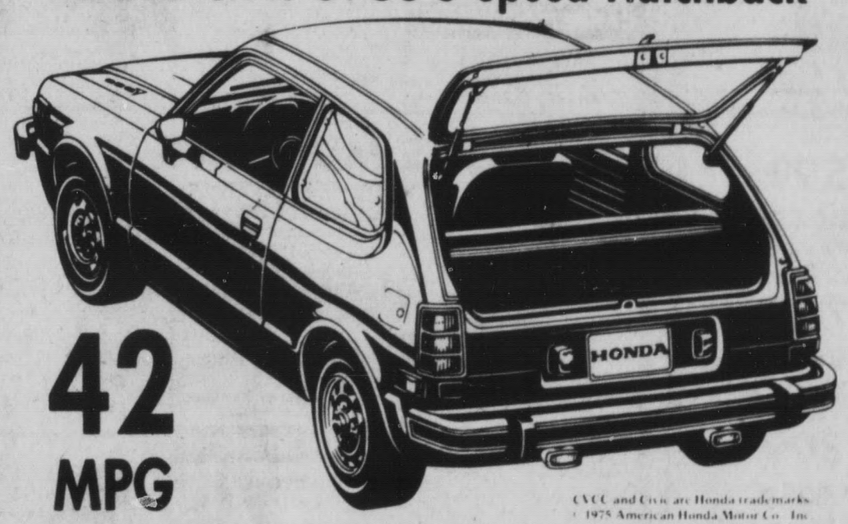
Honda Civic CVCC 5-Speed Hatchback



42 MPG

CVCC and Civic are Honda trademarks © 1975 American Honda Motor Co., Inc.

The 1975 Honda Civic CVCC. You can take it to the gas station or the supermarket and not be disappointed.
In EPA lab tests for highway driving, the 5-speed Civic got 42 miles per gallon. The best mileage performance for any car sold in the U.S.
Yet, we didn't sacrifice roominess for economy. The Civic seats four adults. It also holds a lot of groceries, or luggage, or sporting gear, or you-name-it. (And that's with the rear seat up. Fold it down and there's even more carrying space.)
The secret behind this kind of performance is in the way the Civic was designed. We gave it a shorter profile so its compact size would be ideal for today's life-styles.
And finally, we gave it an engine that doesn't need a catalytic converter, that runs on regular, low-lead or no-lead gas: The Honda CVCC Advanced Stratified Charge Engine.
All in all, it's one car that no matter where you go, you won't mind saying those three little words: "Fill 'er up."
